Notes:
1 The above consolidated Ind AS financial results of the Group have been reviewed by the Audit Committee and approved by the Board of Directors at their respective meetings held on 5 November 2020.
2 The Group has determined 'Snacks Food' as a reportable segment as evaluated by the chief operating decision maker for allocation of resources and assessing the performance. There are no other reportable segment as per Ind AS 108 'Operating Segment'. Accordingly, no separate segment information has been provided.
3 In accordance with the requirements of Ind AS 16 "Property, Plant and Equipment", the Group has reassessed the useful life of property, plant and equipments and has revised the estimated useful life of plant and machineries to 15 years from the existing useful life of 10 to 21 years on the basis of technical evaluation carried out by the management's expert. The effect of the said change is recognised prospectively w.e.f. 1 July 2020 as per the requirements of Ind AS 8 "Accounting Policies, Changes in Accounting Estimates and Errors". Consequent to this change, depreciation and accumulated depreciation is lower and net profit before tax is higher by INR 326.49 lakhs for the quarter and half year ended 30 September 2020. Further, the balance of other equity is higher by INR 248.12 and basic and diluted earnings per share (not annualised) is higher by INR 1.06 as at and for the quarter and half year ended 30 September 2020.
4 During the quarter ended 30 September 2020, the Holding Company has distributed dividend @ INR 1 per share amounting to INR 234.53 lakhs as approved by shareholders in its annual general meeting on 18 September 2020 for the financial year 2019-20.
5 On account of the spread of COVID-19 virus, the Government of India had imposed a complete nation-wide lockdown on March 24, 2020 leading to shut down of the Group's manufacturing facilities (including contract manufacturing facilities) and operations. During the quarter, the Group has resumed operations at all its manufacturing facilities and is currently in the process of scaling up its operations. As the products manufactured by the Group are covered under essential services, the impact has been less significant. Management believes that the pandemic is not likely to impact the recoverability of the carrying value of its assets. Management is closely monitoring the developments and possible effects that may result from the current pandemic on its financial condition, liquidity and operations and is actively working to minimize the impact of this unprecedented situation. As the situation is continuously evolving, the eventual impact may be different from the estimates made as of the date of approval of these consolidated Ind AS financial results.
