### 3. **RATIONALE AND PURPOSE OF THE SCHEME**

3.1. The rationale for the Merger of SLL with BEL is as under:

- (a) SLL is a manufacturer of different consumer electrical products such as lighting products including compact fluorescent lamps (CFLs) and light emitting diode (LED); also manufacturer of consumer electrical appliances like water heaters, mixers including new models, food processors, juicers, hand blenders, room heaters (oil filled radiators), fans etc.
- (b) SLL has manufacturing plant located at Wadivarhe, Igatpuri, Nashik, which is a major emerging industrial city in the State of Maharashtra, with good geographical location and has a great connectivity of roads. The plant is located at prime location which is easily accessible.
- (c) BEL is part of the globally renowned Bajaj Group of Companies, one of the largest Indian conglomerates with business interests across several sectors. BEL business is spread across – consumer products (appliances, fans, lighting etc.), and EPC (illumination, transmission towers and power distribution), in India and outside India
- (d) SLL and BEL are engaged in the similar line of business i.e. manufacturing and distribution of consumer products, lighting and allied products which complement to each other.
- (e) SLL is presently an Original Equipment Manufacturer (“OEM”) vendor for BEL and BEL is the largest customer of products manufactured by SLL. Merger is in line with BEL’s strategic decision to increase in-house manufacturing and reduce dependency on OEM vendors.
- (f) Since the year 2007, BEL has made strategic investments, firstly in the equity share capital of SLL and later in the preference share capital of SLL from time to time. Further, BEL has also provided several long-term and short-term loans, as well as trade advances to SLL over the years. Also, BEL has given corporate guarantees to lenders for loans availed by SLL from its lenders. Accordingly, the Merger of SLL with BEL will enable consolidation of business of SLL into BEL for strategic and commercial considerations.
- (g) SLL has a good production line, which manufactures good quality products and has a skilled, competent and experienced labour force which are required for manufacturing such products. BEL will reap long-term benefits by absorbing such production line and skilled labour force including safeguarding the intellectual property and designs of certain products which are proposed to be launched in markets with its unique fit, finish and features, which can distinguish its products from competitors.
- (h) Merger of SLL with BEL will lead to a more efficient utilization of capital, greater business synergies, superior deployment of brand promotion, sales and distribution strategies and create a consolidated and diversified base for future growth.
- (i) The Merger will result in administrative and operational rationalization and promote organizational efficiencies with the achievement of greater economies of scale, reduction in overheads and improvement in various other operating parameters.
- (j) There is no likelihood that any creditor of the Transferor Company or the Transferee Company will be prejudiced as a result of the Scheme. The Scheme will neither impose any additional burden on the shareholders of the Transferor Company, nor will it adversely affect the interests of any of the shareholders or creditors of the Transferor Company and Transferee Company. Further, the Scheme is only for the Merger of the Transferor Company with the Transferee Company and is not an arrangement with the creditors of any of the entities involved.
